THE 'GOOD'

Since owning this car there is not much it cannot handle. Road trips, beach visits, nights on the town, canoe trips, and everyday commuting. It is comfortable, nimble, and all around fun to drive! I have loved owing this car and I am sure you will also.

THE 'BAD'

HOWEVER, there is wear and tear. There are scratches on the side panels, paint on the rear spoiler is fading, and the cargo shade is missing.
